18<sup>th</sup> January, 2021

To,

✓  
Program Director,  
Policy and Strategic Planning Unit,  
P&SHC Department,  
119-J, Model Town Lahore.

**SUBJECT: RE: PROMOTION OF ONE HEALTH: DEVELOPMENT OF PROPOSAL ON EVENT-BASED SURVEILLANCE (EBS) – ONE HEALTH PROJECT**

In reference to letter received from your office vide number Re: PSPU/DO,3-8/2020/Part-2/9-23 dated 5<sup>th</sup> January, 2021.

2. Punjab Information Technology Board (PITB) appreciates the initiative "Event Based Surveillance under One Health Project". As you are already aware that Government of Punjab has developed and deployed Disease Surveillance System from 2013 for all public sector healthcare facilities (Teaching Hospitals, DHQ/THQs, RHCs and BHUs). The system can be leveraged and extended to serve at the intersection of zoonotic, human, and environmental variables for the One Health System. 3. To facilitate this endeavor, Mr. Shahzad Anwer (Senior Program Manager) is nominated as focal person for the said project.

**Ali Raza Kheiri**

**Project Director, PITB**

CC:

- The Director General– IT OPS, PITB.
- Joint Director- EGA, PITB.
